The Association for the History of Chiropractic (AHC) held its 26th annual Conference on Chiropractic History in conjunction with the centennial anniversary homecoming of the National University of Health Sciences in Lombard, Illinois. Several original papers were presented (Table 1).

The AHC's annual prize for the best paper was awarded to Jonathan Todd Egan, DC and his coauthors for their investigation of chiropractors' role in the American Public Health Association. Most of the papers presented at the conference have been or will be published in the AHC's scholarly journal, *Chiropractic History*.

This year the Association bestowed its Lee-Home-wood Chiropractic Heritage Award upon Orval L. Hidde, DC, JD for his lifetime contributions to the profession and most especially for his role in securing federal recognition of the Council on Chiropractic Education (today's CCE-USA) from the US Office of Education in 1974 (Fig. 1). Stepping down from the board after many years of dedicated service as board member and officer was P. Reginald Hug, MDiv, DC. Re-elected to the AHC's board of directors was Joe Keating, PhD; newly elected to the board was Norris Erickson, DC of Aurora, Illinois; each will serve terms of 3 years. The board of directors announced that next year's AHC Conference on Chiropractic History will be held in Portugal in conjunction with the WFC Congress/ECU Convention—Vilamoura, Portugal, May 17–19, 2007. Details of the 2007 Conference will be available at the AHC's Web site: www.historychiropractic.org. The AHC will also be present at the March 2007 ACC/RAC meeting in Scottsdale, Arizona.

The AHC is a nonprofit, membership society founded at Spears Hospital in Denver in 1980. Our mission is the discovery, dissemination, and preservation of the saga of chiropractic. Conferences are held yearly. *Chiropractic History* is distributed to all members of the AHC as a membership benefit.
